Dear Sir/Madam

To whom it may concern.

I would hereby like to express my interest to work at your company as a Software Developer. As I was going through your site, I felt that it would be a great opportunity for me to pursue my career by you as I figured not only would I grow within the organisation but would also be adding quality.

I have improved my skills In Java in the 5 months I worked at One Click IT Solutions creating native Android applications. I have good communication skills and I work well under pressure.

At this time I am currently on a 6 months contract at achievement awards group, I have enhanced my skills in PHP and started learning Ext JS. I also have experience with ASP.net, XML, HTML, Javascript, CSS, MYSQL, PL/SQL, Java, C++ as well as Information Systems and Project Management. I personally believe the knowledge and skills that I enhanced, working with others as a group will make me a valuable asset to the organisation and as I would love to grow within the organisation, serving the organisation to the best of my abilities.

I may be contacted on my cell at any time on 0793139150 and on my email asamzilikazi@gmail.com

Thank you for your consideration, I will be looking forward to hearing from you.

Regards

Asavela Mzilikazi
